Betsy,

Thanks for your call. I believe you heard about our webinar next Wednesday (April 5). The webinar team contacted EPA earlier this year and did not get a speaker so at present I am the one giving the presentation on the health advisories. The other two talks are on treatment. See what you think of the attached. If you have any comments on slides 14 and 19, your insights would be quite helpful. There are some notes in the speaker notes for the slides, but you can ignore those, there are odd tidbits from initial compilation of the slide deck.

Thank you,  
Steve
